### “Every Day Counts”

If your child is absent from school we must be informed to explain the absence. This can be done via note, telephone or placed directly into COMPASS.

### Updates

We are in a position at school whereby a number of our usual school activities have been or will be effected by the Covid restrictions. All we can do at the moment is plan using the current restriction, hoping that we will be able to alter these plans if the restrictions change in the very near future.

#### Grade 6 Graduation:

At the moment we are planning for the students to have their end of year Graduation in the last week of school. At the moment we will be holding it at school but unfortunately parents will not be able to attend. As I said earlier, if restrictions ease before then, we will change the format to include parents.

#### Camps:

After discussions at School Council last week, we will be running an overnight sleepover for the Grade 6 students and also the Grade 2 students. We felt that the Grade 2 students needed to have their sleepover as it is an important part of the camps program (it is their first experience). The Grade 6 students also need to have their final year of school camp experience, albeit completely different to what they would normally experience. The other students will have opportunities for camps again in 2021. Information sent home soon.

#### End Of Year Presentation Night At Barclay Square:

At present this night will not be going ahead and we do not have an alternative arrangement.

#### Transition Programs:

Grade 6 transition to high school is currently not permitted. RCSC have been communicating with our teachers about the needs of our students for next year. Hopefully there will be some sort of transition for the students.

2021 Prep students will be able to visit our school for their transition program this term, but it will have restrictions. We are limited as to how many visitors we are allowed on site, including students and parents. Therefore we will need to separate the groups for the first session. Following that we should be fine to have the students only on site. The parents of 2021 prep students will be contacted directly with the information they need.

All information will be sent directly to parents about any of the activities listed above. Keep an eye on COMPASS for notifications and also check your child’s back pack for notes. Thank you for your understanding and support.

### **Students Of The Week:**

**Grade Prep: Fletcher Nelson** for the way you have been working this week. We can see how hard you are trying to improve your writing and reading skills. You have also shown us how clever you are with working out Maths problems. You are a great role model for students in our grade. Keep up this amazing effort!

**Grade 1: Bree Franz** for your excellent efforts with this week's Big Write. You confidently and independently completed your information report on bees and it was so wonderful to see your use of connectives. Fantastic!

**Grade 2/3: Jack Englefield** for the marvellous effort you have been putting into your Maths this week. Jack, it is great to see you getting started straight away and eagerly working on your fluency tasks and enjoying your learning around our Maths topic of Time. Well done Jack and keep up the magnificent work!

**Grade 3/4: Dustan Newey** for being a polite, cooperative and engaged student. Dustan, you have been listening carefully to instructions and making positive learning choices in the classroom. You have shown commitment to your learning tasks by always applying your best effort. Well done Dustan and keep up the amazing work.

**Grade 4/5: Zaylee Pritchard** for working so well this week. Zaylee we have noticed you trying your best, especially in Writing. You have been focussed and determined and we are so proud of you. You are a kind classmate to all of us Zaylee and it is great to see you learning. Keep up the great work!

**Grade 6: Kaidance Gowers** for the positive learning choices you make in your learning. Kaidance, this week we have noticed how hard you have been working during class time to achieve your best. You are also a kind and caring classmate who is polite to all your peers. Fantastic work Kaidance!

### **Drink Bottles**

Please ensure your child(ren) bring a drink bottle to school each day, especially now the weather is warming up.

### **School Athletics Sports**

As you are aware we normally run our school athletics in Term 3 but this year unfortunately because of COVID restrictions, we were unable to. We still want to give the students the opportunity to participate in the athletics sports so we are running a modified version on **Wednesday 4th November**. We need to modify the day in terms of the number of events we can run. We usually utilise parents and students from RCSC but we obviously cannot do this with the current restrictions in place. Mr. Tuohy asked the students what events they would like to participate in and they provided us with the events for the day. We ask that students come dressed in their house colours on the day.

Unfortunately parents will not be able to attend as we are not permitted to have parents on site (unless these regulations change before then). We are planning to live stream some of the events so that parents can see some of the days events.

Once again the current circumstances have impacted on the way we usually do things at school. This is something we cannot control. We feel we have developed an alternative for the students that still allows them to participate.

## Book Week Parade

Don't forget to get those book parade costumes ready for **Friday 6th November**. It is always a fun day and with so many things needing to be cancelled this year, it is great that we can still dress up and have some fun at school.

TRAINING Thursdays @4pm Red Cliffs Football Ground nets

The Red Cliffs Junior Cricket Club are looking for local juniors to join the club and participate in their cricket competition. With all the restrictions still in place for indoor sports, it is great to see outdoor sports, such as cricket, still able to run. The kids have missed out on a lot this year (in terms of sports and activities) so this might be a chance for your child to try something different.

Why not give something new a go??

## JUNIOR CRICKET

Play more shots, face more balls and take more wickets as you develop your skills through three levels of junior cricket.

**JUNIOR CRICKET 1**

**AGES UNDER 10-11 | 2 HOURS**

- Short, action-packed games played in under two hours.
- Smaller team sizes offer everyone more opportunities to bat, bowl and field.
- Play on a shorter pitch for more consistent ball delivery and skill development.
- A fun, welcoming and inclusive environment.
